KONICA MINOLTA

bizhub C25: the document solution your desktop deserves.

KONICA MINOLTA'S BIZHUB C25 IS A HARD-WORKING, HIGH-PERFORMANCE DOCUMENT SOLUTION THAT PUTS MORE POWER IN LESS SPACE, WITH UNCOMPROMISING COLOR QUALITY FOR HIGH-IMPACT COMMUNICATIONS – PLUS COST-EFFECTIVE B&W FOR EVERYDAY DOCUMENT NEEDS. IT GIVES YOU MANY OF THE HIGH-TECH FEATURES YOU'LL FIND IN FULL-SIZE BIZHUB MFPS, ALL IN SLEEK DARK CABINET DESIGN WITH ULTRA-COMPACT BODY AND SMALL FOOTPRINT FOR YOUR DESKTOP. YOU CAN PRINT IN BOTH COLOR AND B&W AT UP TO 25 PPM. WARM-UP TAKES LITTLE MORE THAN HALF A MINUTE – AND YOU'LL GET RIGHT TO WORK WITH FAST FIRST-COPY OUTPUT: JUST 14 SECONDS IN COLOR, 12 SECONDS IN B&W. SIMPLE CONTROLS MAKE THINGS EASY FOR FIRST-TIME USERS, INCLUDING DEDICATED FUNCTION KEYS, A BACKLIT BLUE LED FOR BETTER VISIBILITY, EVEN SMOOTH-SLIDING, GROOVED-SURFACE PAPER TRAYS THAT ARE EASY TO GRIP FROM ABOVE OR BELOW.

Improve your image – and save on energy.

Exclusive Konica Minolta technology delivers superior performance – and you'll see the difference in every print and copy you make. Simitri® HD Toner creates high-resolution images with rich, vivid color. Fine details are rendered with greater precision. Text is sharper, with black overprint and auto trapping functions to keep letters readable even against background colors.

Simitri HD Toner also uses biomass plant-based material to reduce environmental impact. Low-temperature oil-less fusing saves energy and creates documents that won't crack, peel or fade. An ozone-free charge roller minimizes air pollution. Power-saving modes meet strict Energy Star Tier 2 rating targets. And Konica Minolta environmental initiatives include the industry's first cost-free recycling program for all Konica Minolta consumables.

The power of built-in print/scan productivity.

With the bizhub C25, you'll be able to move information faster, in more directions, with greater control. The Emperon® print system is built-in, and comes standard with PCL6 and PostScript3 PDLs with optional XPS support when you add a hard drive. Scan originals to multiple destinations, including Scan-to-Email, Scan-to-FTP and Scan-to-SMB at up to 10 originals per minute in B&W, 20 per minute in color.

Our Universal Printer Driver is easy and intuitive. You'll have special features like MyTab™ printing, the award-winning Konica Minolta interface that lets each individual customize a print tab that saves preferred settings for quick access. And PPML (Personalized Print Markup Language) enables variable-data printing that cuts down on RIP time to minimize network data traffic and speed output.

You can duplex documents at full rated speed, for 100% productivity. A standard 250-sheet paper tray, 100-sheet multiple bypass tray and optional 500-sheet paper tray give you maximum paper capacity of 850 sheets – with capability to handle thick paper up to 210 gsm. A convenient front-panel USB input lets you save to or print from a USB thumb drive. And with optional 40 GB hard disk drive, you'll have on-board document storage for secure print jobs, job storage, USB direct print, and downloading fonts, profiles and overlays.

There's more: fax, networking, security and software.

Super G3 fax capability is also built-in – giving you high-speed, high-quality transmission with pro-quality functions like PC fax, memory transmission, quick-scan transmission, timer transmission, memory reception and more.

Another key advantage of the bizhub C25 is its ability to connect seamlessly to your network – while maintaining security to safeguard your information. You'll have IPv6 and DPWS support, Secure Print (Windows), IEEE 802.1X support for secure network connection, IP filtering, SSL/TLS protocol, even optional HDD encryption for print data.

Operational in your bizhub C25 is a powerful suite of PageScope® programs that work together to increase your productivity. PageScope Web Connection allows web-based simple setup and control of your bizhub C25. PageScope Net Care Device Manager enables IT administrators to manage multiple devices from a single point. PageScope Download Manager allows you to download fonts, color profiles, overlays and symbol sets directly to your bizhub C25. And PageScope Direct Print lets you print PDF, TIFF, JPEG documents quickly without opening their applications.

Like every bizhub MFP, the bizhub C25 is backed by superior service and support. And in long-term use, high-yield toner and developer achieve the industry's lowest total cost of ownership (TCO) – another reason to count on Konica Minolta.
